XIII. Read the following passage carefully and answer the questions in your own words :

6 × 1 = 6

All religious heads and many philosophers have emphasised on simple living and high thinking. Many have adopted this golden principle and achieved greatness in life.

Now the world is changing very fast and old values are no more cared for. Now greatness and success are measured by the yardstick of wealth one has. The main aim of life is to earn more money and spend luxuriously. Simple living is no longer a motto of life. High ideals of patriotism, selfless devotion to society, sacrifice and service are considered as hollow words. But the old saying still holds good and people who practise it lead peaceful and satisfied life.
