1. Reasoning :-

Reasoning is going to be the subject in which most of the students will secure maximum marks out of all the subjects they are going to attempt in the exam. This is based on the research that we did on the previous year papers and we can say that most of the student will secure maximum in this subject. There is a way of attempting the reasoning section. In reasoning the must to do part is the Linear arrangements, Inequalities, Syllogisms, Coding-Decoding, Direction Sense Test and other miscellaneous questions. After this you should switch to other subject but if time allows then go for other topics as well like Puzzle, Statement Assumption (only for officer scale) and rest that you are not comfortable with. Below is the table depicting the number of questions expected.

Sl. No.	Topics	No. Of Questions
1.	Puzzle	5
2.	Seating Arrangement	5
3.	Syllogism	5
4.	Data Sufficiency	5
5.	Order and Ranking	5
6.	Coding-Decoding	5
7.	Miscellaneous	10

Note:Miscellaneous includes topics like-Blood Relations, machine Input, Directions, Alphabet Numeric Series, etc
For Officer scale 1 statements and assumption questions ,i.e. logical deduction is also asked.

2. Numerical Ability :-

Dear friends do you wonder why IBPS chooses different name for Maths section. We have seen that SBI used Quantitative Aptitude for the Preliminary Exam, Data Interpretation and Data Analysis is used in SBI Mains, IBPs PO uses quantitative Aptitude and so on. Numerical ability itself suggests that you are going to get a hell lot of calculative questions. From approximation to simplification, every type of calculation will be there. So start practicing and try to develop the skill to calculate without pen and paper and you will see the result in the forthcoming exams. Talking about the must to do questions from this section, you must attempt the questions from Data Interpretation, Quadratic Equation, Simplification, Approximation, and some part of the miscellaneous section. And leave the questions that takes more time. Have a look at the below table and you can have an idea about the sectional

distribution.

Sl. No.	Topics	No. Of Questions
1.	DI	15
2.	Quadratic Equations	5
3.	Series	5
4.	Simplification/Approximation	5
5.	Miscellaneous	10

Miscellaneous: Includes Percentages, SI CI, Profit and Loss, Averages, Ratios, Time and Work, Time, Distance and Speed, Mensuration, Probability, Permutation and Combination, Pipes and Cisterns, Partnership, Mixtures and Allegation, etc

3.a. English :-

This section will be as usual and all the conventional questions will be asked. There will not be any change in this section. The topics that you should attempt first is Cloze Test, Fillers, Parajumbles (at least First and Last), Error Detection and if time permits, then go for Reading Comprehension.

Sl. No.	Topics	No. Of Questions
1.	Reading Comprehension	10
2.	Error Detection	5
3.	Sentence Improvement	5
4.	Fillers	5
5.	Para-Jumbles	5
6.	Cloze Test	10

3.b.Hindi :-

Dear readers, this section is one of the most demanded section in the RRB exam. Many people attempt the Hindi language and many scores good. So below is the topic wise distribution of the section. You can easily score a sufficient amount of questions.

Sl. No.	Topics	No. Of Questions
1.	अपठित गद्यांश	10

2.	त्रुटी वाक्य चयन	5
3.	वाक्य सुधार	5
4.	रिक्त स्थान की पूर्ति	5
5.	अर्थपूर्ण व्यवस्था	5
6.	गद्यांश में रिक्त स्थान की पूर्ति	10

4. General Awareness :-

This will be the combination of General Banking and Current Affairs questions. This will be same as IBPS PO and Clerk GA section. You can refer our Capsule for this section. In RBI, we have seen that many questions were from capsule and it covered the most of the GA Syllabus. So let's hope for the best and we will be launching the capsule very soon. Till the time, you can refer to the Hindu review of the previous months.

5. Computer :-

This section is one of the easiest and can be done easily. Keeping in view the IBPS, we will be launching the computer capsule and it will cover the maximum part of the Computer section.
