

ITL PUBLIC SCHOOL

SECTOR – 9, DWARKA

SESSION 2015 -2016

Summative Assessment I

CLASS: III-_____
TIME: 3 HRS.
Student's Name: _____
No. of Pages:06
Marks Obtained: _____

Answer key

DATE: 24.9.15
SUBJECT: Science
M.M: 60
Roll No. : _____
Invigilator's Signature: _____
Examiner's Signature: _____

Q.1	Choose the correct option- 1. b) Dogs 2. c) Spinach 3. b) Oxygen 4. c) Cow 5. a) Water drops 6. d) Rabbit 7. d) Dustbin 8. c) Nylon 9. c) 365 days and 6 hours 10. b) Axis	10
Q.2	Name the following- a) Reproduction b) Carnivores c) Plant Fibres d) Melting e) Astronaut	5
Q.3	Define the following- a) Stomata- The tiny pores(0.5) in leaves for breathing. b) Synthetic Fibres_ The fibres which are made by man/in factories c) Orbit- The imaginary line (0.5) on which the planets move. d) Water cycle- The movement of water on the Earth(0.5) in its different forms. e) Food Chain - A chain of animals which tells who eats whom	5
Q.4	Give reason- a) As it makes food for the plant. b) As it gives us milk c) As they can absorb sweat/keep us cool. d) as they give out oxygen and keep the surrounding fresh. e) as there is right temperature, air, water and land.	5
Q.5	Correct the statements and then rewrite them- a) Most of the air is made up of a gas called Nitrogen b) An elephant uses its trunk to suck in water. c) We get silk from silkworm/	5

We get wool from sheep.
d)One fourth of our Earth is covered with land.
 e) The **seeds** grow into new plants.

Q.6

Answer the following questions-

Solids 1-Have a fixed shape

Eg. Book,pen etc

Liquids-1 Can take the shape of container

Eg. Milk,tea etc.

2. a)Because the wife believes that we should not hurt animals /be kind to them.

1.We will not get meat,eggs ,leather ,fur etc

2. Food chain will be disturbed,plants will not get carbon di oxide

3. No wild life sanctuariesand national parks for preservation of animals

3. A good house should be well lit,airy,clean ,have well drainage system.(any 2 pts.)

4. Sloping floors allow drainage of water easily.

What b)The doors and windows should have wire netting on them.

5Some animals swallow the food and and bring it back to their mouth for chewing, this process is chewing the cud.Ex. cow buffalo, giraffe etc.

6. a)We should wear water proof clothes

b)Draw any two things you use to keep yourself dry in this season.

1 Raincoat 2 Umbrella 3 Gumboots 4.Plastic sheet

7 .What would happen if-

a)It would be very hot and survival will not be possible.

b)Seasons will not be caused.

8 a)Sun wind cloud and rain cause change in the weather.

b) as they act as an umbrella and don't allow the sun's rays to enter the earth.

9. They have sharp, pointed and curved front teeth for tearing.(1)

They have broad and strong back teeth for chewing flesh.(1)

18

Q.7

Answer the following questions-

12

1. Identify the following animals and write how do they obtain their food?

A

B

C

A- Frog swallows the food with the help of sticky tongue.

B- Butterfly sucks nectar with the help of a sucking tube

C -Snake swallows the food whole

2. a) Evaporation-The process of water changing into vapour on heating

b) We will see water drops on the plate/condensation on plate

3 a) The movement of Earth around the sun on the orbit.

b) Photographs taken from space prove that the Earth is spherical in shape

c) We can use CNG vehicles/do car pooling/use metros for travelling, plant trees, say no to plastic use etc.

4. When the earth rotates, the part of the Earth facing the Sun has day and the part away from the sun has night. 1.5 for explanation and 1.5 for diag.
