Marking Scheme – Geography (Theory) [Outside Delhi] Q.P. CODE 64/1, 64/2, 64/3

General Instructions:

- The Marking scheme provides general guidelines to reduce subjectivity in the marking. The answer given in the marking Scheme are suggestive answers. The content is thus indicative. If a student has given any other answer which is different from the one given in the marking Scheme, but conveys the meaning, such answer should be given due weightage.
- **2.** Evaluation is to be done as per instruction provided in the Marking Scheme. Marking Scheme should be strictly adhered to and religiously followed.
- **3.** If a question has parts please award marks on the right hand side for each part. Marks awarded for different parts of the question should then be totaled up and written on the left hand margin and encircled.
- 4. If a question does not have parts, marks for it be awarded on the left hand side and encircled.
- **5.** If a candidate has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out.
- The following Textbooks can be referred to for detailed answers. Page number of the concerned book is given on the right side of the answer of each question.
 Textbook I (TB-1) Fundamentals of Human Geography, published by NCERT.

Textbook II (TB-2) India: People and Economy, published by NCERT.

7. A full scale of Marks 0-100 has to be used. Please do not hesitate to award full marks if the answer deserves it. Marks should not be deducted for bad handwriting and spelling mistakes.

Specific Instructions:

- 1. The Marking Scheme carries only suggested value points for the answers, these are only guidelines and do not constitute the complete answer. The students can have their own expression and if the expression is correct, the marks should be awarded accordingly.
- 2. As per orders of the Hon'ble Supreme Court, the candidates would be permitted to obtain photocopy of the Answer Book on request on payment of the prescribed fee. All examiners/ Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points per each answer as given in the Marking Scheme.
- 3. All the Head Examiner/ Examiners are instructed that while evaluating the answer scripts, if the answer is found to be totally incorrect then (x) should be marked on the incorrect answer and awarded '0'marks.

QUESTION PAPER CODE 64/1

(OUTSIDE DELHI)

MARKING SCHEME

Set 64/1	Expected Answers/Value Points	Distribution of Marks
1	Profitability of mining depends on:- i. Physical factors ii. Economic factors Page – 42, T.B. 1	$\frac{1}{2} + \frac{1}{2} = 1$
2	Highest Road density in world - Japan (327 for every 100 km ² area) Page – 67 , T.B. 1 (Table – 8.1)	1
3	Garrison Town - Ambala, Jalandhar, Mhow, Babina, Udhampur (Any two) . Page – 37, T.B. 2	$\frac{1}{2} + \frac{1}{2} = 1$
4	Reasons for Least development in rail facilities in West Asia - i. Vast desert area ii. Sparsely populated region (Any one point to be explained) Page – 69, T.B.	1
5	Environmental problems – i. Water logging ii. Soil salinity The intensive irrigation and excessive use of water has led to the emergence of twin environmental problems of Water logging and Soil salinity in the Indira Gandhi Canal Command Area. Page- 110, T.B. 2	1
6	Classification of minerals - i. Metallic ii. Non - metallic Page – 72, T.B. 2	$\frac{1}{2} + \frac{1}{2} = 1$
7	Improvement in quality of water – i. Judicious use of water ii. Creating awareness - importance of water iii. Any other relevant point. (Any one point to be mentioned) Page – 69, T.B. 2	1

8	(81) Suoz capal	
8	(8.1) Suez canal	
	(8. 2) Characteristics -	
	i. It connects Mediterranean sea with Red sea.	
	ii. It gives Europe a new gateway to the Indian	
	Ocean. iii. It reduces distance between Liverpool and	
	iii. It reduces distance between Liverpool and Colombo.	
	iv. It is sea level canal without locks.	
	v. As the tolls are heavy, some find it cheaper to go	
	by the longer Cape Route whenever the	
	consequent delay is not important.	
	vi. Any other relevant point. (Any four points to be mentioned)	
	(Any four points to be mentioned)	1+2=3
	Note :- Visually Impaired Candidates only in lieu of	
	Q. No – 8 :-	
	Panama canal	
	Characteristics :-	
	i. It connects Atlantic Ocean with Pacific ocean	
	ii. It has been constructed across the Panama	
	Isthmus between Panama city and Colon.	
	iii. The canal is about 72 km long and involves a	
	very deep cutting for a length of 12 km.iv. It has a six lock system and ships cross different	
	levels	
	v. It shortens the distance between New York and	
	San Francisco.	
	vi. Any other relevant point.	
	(Any four points to be mentioned)	
	Page – 74 & 75 , T.B. 1	1 + 2 = 3
9	Characteristics of chain stores :-	
	i. Chain stores are able to purchase merchandise most economically to their specification.	
	ii. They often direct the manufacturers.	
	iii. They employ highly skilled specialists.	
	iv. They have the ability to experiment in one store	
	and apply the results to many.	
	 v. Any other relevant point. (Any four points to be described) 	3x1=3
	(Any four points to be described)	581=5
	Page – 58, T.B. 1	

r		
10	Name :- (10.1) Bhilai Steel plant State :- Chhattisgarh	¹ / ₂ + ¹ / ₂ = 1
	(10.2) Main source of power - Korba Thermal power station. Rail route - Kolkata – Mumbai rail route.	¹ ⁄ ₂ + ¹ ⁄ ₂ = 1
	(10.3) Iron ore : Dalli – Rajhara mine. Water : Tandula tank / dam.	¹ ⁄ ₂ + ¹ ⁄ ₂ = 1
	Page – 89 & 90,T.B. 2	
	Note :- Visually Impaired candidates only, in lieu Q. No. – 10 :-	
	Major factors responsible for establishment of Iron & Steel industry in Jamshedpur : -	
	 i. It lies very close to the Mumbai – Kolkata railway line. ii. Kolkata is the nearest port for the export of steel about 240 km away. iii. The rivers Subanarekha and Kharkai provide water to the plant. iv. Iron ore is obtained from Noamundi and Badam Pahar. v. Coal is brought from Joda mines in Orissa. vi. Coking Coal comes from Jharia and West Bokaro coalfields. vii. Any other relevant point. (Any three points to be explained) 	3x1=3
11	Page – 87, T.B. 2 It is true that there is no consensus on what exactly defines a village or town because different countries have different parameters as – i. Population size ii. Occupational structure iii. Administration iv. Location v. Functions of Urban Centres	
	(Any three points to be analysed)	
	Page – 91 & 92, T.B. 1	3x1=3

12	Humanisation of nature -	
12		
	i. The people begin to understand their environment	
	and the forces of nature with the passage of	
	time.	
	ii. With Social and Cultural development, humans	
	develop better and more efficient technology.	
	iii. Humans move from a state of necessity to a state	
	of freedom.	
	iv. They create possibilities with the resources	
	obtained from the environment.	
	v. The human activities create cultural landscape.	
	vi. The imprints of human activities are health	
	resorts, huge urban sprawls, fields, orchards and	
	pastures in plains and rolling hills, ports on the	
	coasts and satellites in the space.	
	vii. Any other relevant point.	3x1=3
	(Any three points to be explained)	
	Page – 3, T.B. 1	
13	The values that can help in maintaining the Quality	
	of water :-	
	i. Judicious/optimum use of water,	
	ii. Controlling population,	
	iii. Recycle and Reuse of water,	
	iv. Watershed Management	
	v. Rain water harvesting	
	vi. Rules and regulations	
	vii. Any other relevant point	1x3=3
		123=3
	(Any three points to be explained)	
	Page-67, 68 & 69 - 72 ,T.B. 2	
14	Major objectives of the New Industrial Policy 1991 :-	
	i. To build on the gains already made,	
	ii. Correct the distortions or weakness that have	
	crept in.	
	iii. Maintain a sustained growth in productivity.	
	iv. Gainful employment and attain international	
	competitiveness.	
	Role of Globalisation:-	
	i. Increase in Foreign Investment,	
	ii. Availability of Foreign Technology,	
	iii. Open Trade Policy,	
	iv. International competition for better products,	
		2+3=5
	v. Any other relevant point.	2+3=3
	(Any three points to be explained)	
	(Any three points to be explained)	
	Page – 96 & 98 , T.B. 2	

15	The size of the territory and per capita income are not directly related to human development :- Often Smaller Countries have done better than larger ones in human development. Similarly, relatively poorer nations have been ranked higher than richer neighbours in terms of human development. For example Sri Lanka, Trinidad and Tobago have a higher rank than India in the human development index despite having smaller economies. Similarly, within India, Kerala performs much better than Punjab and Gujarat in human development despite having lower per capita income. (To be assessed as a whole) Page – 27, T.B. 1	5
16	Migration is a response to the uneven distribution of	
	opportunities over space :-	
	 People move from place of low opportunity and low safety. This, in turn, creates both benefits and problems for the areas, people migrate from and migrate to. 	
	ii. Consequences can be observed in economic, social, cultural, political and demographic terms.	
	Economic Consequences :-	
	 i. A major benefit for the source region is the remittance sent by migrants. ii. Remittances from the international migrants are one of the major sources of foreign exchange. iii. In 2002, India received US \$ 11 billion as remittances from international migrants. iv. Punjab, Kerala and Tamil Nadu receive very significant amount from their international migrants. v. The amount of remittances sent by the internal migrants is very meager as compared to international migrants. vi. Internal Migrants play an important role in the growth of economy of the source area. vii. Any other relevant point, 	2+3=5

	(Any three points to be explained)	1x3=3
	Page-67, 68 & 69 - 72 ,T.B. 2	
14	Classification of means of communication on the basis of scale and quality :-	
	i. Personal ii. Mass	
	Characteristics :-	
	Personal Communication System :-	
	 a. It is the most effective and advanced one and widely used in urban areas. b. It enables the user to establish direct connect through Email to get access to world of knowledge and information. c. It is used for e - commerce and carrying out money transaction. d. It is a huge central ware house of data, with detailed information on various items. (Letters, Telephone, Fax, Email, Internet, etc). 	

	 <u>Mass Communication System</u> :- a. Radio broadcasting started in India in 1923 by the Radiclub of Bombay and changed the socio – cultural life of people. b. Television broadcasting emerged as the most effective audio visual medium for information and educatine masses. c. Use of satellite and synoptic view of larger area for economic and strategic reasons. (Radio, Television Cinema, Satellite, News Paper, Magazine and Books 	of e g or n, 1+2+2=5
	Seminar and Conference, etc). (Any two points)	
	Page – 122 & 123 , T.B. 2	
15	Human Development -	
	Human Development that enlarges peoples choices and improves their lives.	
	Classification -	
	Countries can be classified into four groups on the basis of the human development scores earned by them :	
	i. Very High	
	ii. High	
	iii. Medium	
	iv. Low	
	Characteristics –	
	Level of development Score in Development Index	
	i. Very High Above 0.808	
	ii. High Between 0.700 up to 0.507	
	iii. Medium Between 0.556 up to 0.699	
	iv. Low Below 0.555	1+2+2=5
	Page – 23 & 27, T.B.	1

16	 International trade as a basis of World Economy:- Specialisation in production. It is based on the comparative advantage Complimentarity and Transferability of goods and services. Complimentation of Foreign Policy on the basis of International Trade Any other relevant point. Page – 82 & 83, T.B. 1 Migration is a response to the uneven distribution of opportunities over space :- 	1x5=5
	 i.People move from place of low opportunity and low safety. This, in turn, creates both benefits and problems for the areas, people migrate from and migrate to. ii.Consequences can be observed in economic, social, cultural, political and demographic terms. 	
	 Economic Consequences :- i. A major benefit for the source region is the remittance sent by migrants. ii. Remittances from the international migrants are one of the major sources of foreign exchange. iii. In 2002, India received US \$ 11 billion as remittances from international migrants. iv. Punjab, Kerala and Tamil Nadu receive very significant amount from their international migrants. v. The amount of remittances sent by the internal migrants is very meager as compared to international migrants. vi. Internal Migrants play an important role in the growth of economy of the source area. vii. Any other relevant point, 	2+3=5
	(Any three points to be explained) Page – 20, T.B. 2	
18	Non – Conventional sources of Energy :- i. Solar Energy	
	ii. Wind Energy	
	iii. Tidal and wave Energy	
	iv. Geothermal Energy	

	v. Bio Energy	
	Solar Energy –	
	It is cost competitive, environment friendly and easy to construct	
	Wind Energy –	
	The mechanism of energy conversion from blowing wind is simple. Rajasthan, Gujarat, Maharashtra and Karnataka have favourable conditions for its development.	
	Tidal and Wave Energy –	
	Large tidal waves along the west coast of India provide great potential for the development of tidal energy. But yet they have not been utilized .	
	Geothermal Energy –	
	It can be successfully be tapped and converted to electrical energy. The hot springs and geysers are being used.	
	Bio Energy –	
	It can be converted into electrical energy, heat energy or gas for cooking. This will improve the economic life of rural areas, reduce environmental pollution, enhance self reliance and reduce pressure on fuel wood.	
	(Explain all the five points)	5x1=5
	Page – 80, 82 & 83, T.B. 2	
19	The significance and growth of service sector in the modern economic development of the world :-	
	 Services are provided to individual consumers who can afford to pay for them. For example gardener, launderers and barber do primarily physical labour. Teacher, lawyers, physicians, musicians and others perform mental labour. 	
	 Many services have now been regulated. Making and maintaining highways and bridges, maintaining fire fighting departments and supplying or supervising education. 	
	iii. Customer care is among the important services often	

		supervised or performed by appendents or comparise	
	iv.	supervised or performed by governments or companies. State and Union legislation have established corporations	
		to supervise and control the marketing of such services as transport, telecommunication, energy and water supply.	
	V.	Professional Services are primarily health care, engineering, law and management.	
	vi.	The location of recreational and entertainment services depends on the market.	
	vii.	Multiplexes and restaurants might find location within or near the Central Business District (CBD), whereas a golf course would choose a site where land costs are lower than in the CBD.	
	viii.	In India dabbawala (Tiffin) services in Mumbai is provided to huge number of customers.	
	ix.	In modern times Service sector has grown at a very fast speed all over the world. Economy of most of the developed countries is based on the earnings of service sectors.

Strictly Confidential – (For Internal and External use only) ALL INDIA SENIOR SCHOOL CERTIFICATE EXAMINATION, 2017

Marking Scheme – Geography (Theory) [Outside Delhi] Q.P. CODE 64/1, 64/2, 64/3

General Instructions:

- The Marking scheme provides general guidelines to reduce subjectivity in the marking. The answer given in the marking Scheme are suggestive answers. The content is thus indicative. If a student has given any other answer which is different from the one given in the marking Scheme, but conveys the meaning, such answer should be given due weightage.
- **2.** Evaluation is to be done as per instruction provided in the Marking Scheme. Marking Scheme should be strictly adhered to and religiously followed.
- **3.** If a question has parts please award marks on the right hand side for each part. Marks awarded for different parts of the question should then be totaled up and written on the left hand margin and encircled.
- 4. If a question does not have parts, marks for it be awarded on the left hand side and encircled.
- 5. If a candidate has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out.
- **6.** The following Textbooks can be referred to for detailed answers. Page number of the concerned book is given on the right side of the answer of each question.

Textbook I (TB-1) Fundamentals of Human Geography, published by NCERT.

Textbook II (TB-2) India: People and Economy, published by NCERT.

7. A full scale of Marks 0-100 has to be used. Please do not hesitate to award full marks if the answer deserves it. Marks should not be deducted for bad handwriting and spelling mistakes.

Specific Instructions:

- 1. The Marking Scheme carries only suggested value points for the answers, these are only guidelines and do not constitute the complete answer. The students can have their own expression and if the expression is correct, the marks should be awarded accordingly.
- 2. As per orders of the Hon'ble Supreme Court, the candidates would be permitted to obtain photocopy of the Answer Book on request on payment of the prescribed fee. All examiners/ Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points per each answer as given in the Marking Scheme.
- 3. All the Head Examiner/ Examiners are instructed that while evaluating the answer scripts, if the answer is found to be totally incorrect then (x) should be marked on the incorrect answer and awarded '0'marks.

QUESTION PAPER CODE 64/3

(OUTSIDE DELHI)

MARKING SCHEME

1	i. North Western Europe, ii. Canada,	
	iii. South East Australia,	
	iv. New Zealand,	
	v. Tasmania	
	(Any two)	$\frac{1}{2} + \frac{1}{2} = 1$
	Page – 39, T.B. 1	
2	Rhine Waterways	1
	Page – 39, T.B. 1	
3	i. Roorki,	
	ii. Varanasi	
	iii. Aligarh	
	iv. Pilani	
	v. Allahabad	
	(Any two)	
_	Page – 38, T.B. 2	$\frac{1}{2} + \frac{1}{2} = 1$
4	Classification of minerals –	
	i. Metallic	
	ii. Non - metallic	$\frac{1}{2} + \frac{1}{2} = 1$
	Page – 72, T.B. 2	$7_2 + 7_2 = 1$
5	Improvement in quality of water –	
	i. Judicious use of water	4
	ii. Creating awareness - importance of water	1
	iii. Any other relevant point.	
	(Any one point to be mentioned)	
6	Page – 69, T.B. 2 Reasons for Least development in rail facilities in	
0	West Asia -	
	i. Vast desert area	1
	ii. Sparsely populated region	•
	(Any one point to be explained)	
	Page – 69, T.B.	
	. «ge oo, 1.».	

7	Environmental problems –	
/	i. Water logging	
	ii. Soil salinity	
		1
	The intensive irrigation and excessive use of water has	•
	led to the emergence of twin environmental problems of	
	Water logging and Soil salinity in the Indira Gandhi Canal	
	Command Area.	
	Page- 110, T.B. 2	
8	Humanisation of nature -	
0	i. The people begin to understand their environment	
	and the forces of nature with the passage of time.	
	ii. With Social and Cultural development, humans	
	develop better and more efficient technology.

	(Any three points to be explained)	
	Page – 3, T.B. 1	
	Features of open – cast mining :-	
9		
	i. The surface mining is also known as open-	
	cast mining.	
	ii. It is the easiest way of mining.	
	iii. It is the cheapest way of mining minerals that	
	occur close to the surface.	
	iv. Overhead costs such as safety precaution and	
	equipment is relatively low.	
	v. The output is both large and rapid.	
	vi. Any other relevant point.	1X3=3
	(Any three points to be described)	
	Page – 42, T.B. 1	
10	It is true that there is no consensus on what exactly	
	defines a village or town because different countries	
	have different parameters as –	
	i. Population size	
	ii. Occupational structure	
	iii. Administration	
	iv. Location	
	v. Functions of Urban Centres	
	(Any three points to be analysed)	3x1=3
	Page – 91 & 92, T.B. 1	

11	(11.1) Suez canal	
	(11. 2) Characteristics -	
	 i. It connects Mediterranean sea with Red sea. ii. It gives Europe a new gateway to the Indian 	
	Ocean.	
	iii. It reduces distance between Liverpool and Colombo.	1+2=3
	iv. It is sea level canal without locks.	
	v. As the tolls are heavy, some find it cheaper to go by the longer Cape Route whenever the	
	consequent delay is not important.	
	vi. Any other relevant point.(Any four points to be mentioned)	
	Dago 74 T R 1	
	Page – 74, T.B. 1 Note :- Visually Impaired Candidates only in lieu of Q. No – 11 :-	
	Panama canal	
	Characteristics :-	
	 i. It connects Atlantic Ocean with Pacific Ocean ii. It has been constructed across the Panama 	
	Isthmus between Panama city and Colon.	
	iii. The canal is about 72 km long and involves a very deep cutting for a length of 12 km.	
	iv. It has a six lock system and ships cross different levels	
	v. It shortens the distance between New York and	
	San Francisco. vi. Any other relevant point.	
	(Any four points to be mentioned)	
	Page – 74 & 75 , T.B. 1	1 + 2 = 3
12	Name :- (12.1) Bhilai Steel plant	
	State :- Chhattisgarh	¹ / ₂ + ¹ / ₂ = 1
	(12.2) Main source of power - Korba Thermal power	
	station.	¹ ⁄ ₂ + ¹ ⁄ ₂ = 1
	Rail route - Kolkata – Mumbai rail route.	
	(12.3) Iron ore : Dalli – Rajhara mine. Water : Tandula tank / dam.	$\frac{1}{2} + \frac{1}{2} = 1$
	Page – 89 & 90,T.B. 2	
	Note :- Visually Impaired candidates only, in lieu of	

	Q. No. – 12 :-	
	Major factors responsible for establishment of	
	Iron & Steel industry in Jamshedpur : - i. It lies very close to the Mumbai – Kolkata railway line.	
	ii.Kolkata is the nearest port for the export of steel about 240 km away. iii.The rivers Subanarekha and Kharkai provide	
	water to the plant. iv.Iron ore is obtained from Noamundi and Badam	
	Pahar. v.Coal is brought from Joda mines in Orissa. vi.Coking Coal comes from Jharia and West Bokaro coalfields. vii.Any other relevant point. (Any three points to be explained) Page – 87, T.B. 2	3x1=3
13	The values that can help in maintaining the Quality of water :-	
	 i. Judicious/optimum use of water, ii. Controlling population, iii. Recycle and Reuse of water, iv. Watershed Management v. Rain water harvesting vi. Rules and regulations vii. Any other relevant point 	1x3=3
	(Any three points to be explained)	
	Page-67, 68 & 69 - 72 ,T.B. 2	
14	Migration is a response to the uneven distribution of opportunities over space :-	
	 People move from place of low opportunity and low safety. This, in turn, creates both benefits and problems for the areas, people migrate from and migrate to. 	
	ii. Consequences can be observed in economic, social, cultural, political and demographic terms.	
	Economic Consequences :-	
	 A major benefit for the source region is the remittance sent by migrants. 	

 ii. Remittances from the international migrants are one of the major sources of foreign exchange. iii. In 2002, India received US \$ 11 billion as remittances from international migrants. iv. Punjab, Kerala and Tamil Nadu receive very significant amount from their international migrants. v. The amount of remittances sent by the internal migrants is very meager as compared to international migrants. vi. Internal Migrants play an important role in the growth of economy of the source area. vii. Any other relevant point, Page – 20, T.B. 2 	5 7 1 1
15 Classification of Population :	
i. Rural ii. Urban	
Differentiation –	
 i. Life style ii. Livelihood iii. Social condition iv. Age sex occupational structure v. Density of population vi. Level of development vii. Activities viii. Residence ix. Any other relevant point 	1+4=5
(Any four Points of differentiation) Page – 19, T.B. 1	1+4=5
16 Classification of means of communication on the basis of scale and quality :-	
i. Personal ii. Mass	
Characteristics :- Personal Communication System :-	
It is the most effective and advanced one and widely used in urban areas. a. It enables the user to establish direct	

 connect through Email to get access to world of knowledge and information. b. It is used for e – commerce and carrying out money transaction. c. It is a huge central ware house of data, with detailed information on various items. (Letters, Telephone, Telegram, Fax, Email, Internet, etc). (Any two points) Mass Communication System :- 	
 a. Radio broadcasting started in India in 1923 by the Radio club of Bombay and changed the socio – cultural life of people. b. Television broadcasting emerged as the most effective audio visual medium for information and educating masses. c. Use of satellite and synoptic view of larger area for economic and strategic reasons. (Radio, Television, Cinema, Satellite, News Paper, Magazine and Books, Seminar and Conference, etc). (Any two points) 	1+2+2=5
Page – 122 & 123 , T.B. 2	
 Major objectives of the New Industrial Policy 1991 :- i. To build on the gains already made ii. Correct the distortions or weakness that have crept in. iii. Maintain a sustained growth in productivity. iv. Gainful employment and attain international competitiveness. Role of Globalisation:- 	
 i. Increase in Foreign Investment, ii. Availability of Foreign Technology, iii. Open Trade Policy, iv. International competition for better products, v. Any other relevant point. (Any three points to be explained) Page – 96 & 98, T.B. 2	2+3=5
The main aim of the 'Tribal Sub Plan was :-	
This area development plan was aimed at improving the quality of life of the Gaddis and narrowing the gap in the level of development between Bharamaur and other adjoining areas of Himachal Pradesh.	
	 world of knowledge and information. b. It is used for e – commerce and carrying out money transaction. c. It is a huge central ware house of data, with detailed information on various items. (Letters, Telephone, Telegram, Fax, Email, Internet, etc). (Any two points) Mass Communication System :- a. Radio broadcasting started in India in 1923 by the Radio club of Bombay and changed the socio – cultural life of people. b. Television broadcasting emerged as the most effective audio visual medium for information and educating masses. c. Use of satellite and synoptic view of larger area for economic and strategic reasons. (Radio, Television, Cinema, Satellite, News Paper, Magazine and Books, Seminar and Conference, etc). (Any two points) Major objectives of the New Industrial Policy 1991 :- i. To build on the gains already made ii. Correct the distortions or weakness that have crept in, iii. Maintain a sustained growth in productivity. iv. Gainful employment and attain international competitiveness. Role of Globalisation:- i. Increase in Foreign Investment, ii. Availability of Foreign Technology, iii. Open Trade Policy, iv. International competition for better products, v. Any other relevant point. (Any three points to be explained) Page – 96 & 98, T.B. 2 The main aim of the 'Tribal Sub Plan was :-

	Contribution in development of Bharmaur area – Bharmaur was a very backward area. The most significant contribution of tribal sub plan in Bharmaur region is the development of - i. Infrastructure in terms of school ii. Health care facilities iii. Potable water iv. Roads v. Communication vi. Electricity vii. Any other relevant point. (Any four points to be reviewed)	1+4=5
	Page – 107 & 108 , T.B. 2	
19	 Classification of trading center :- Rural marketing centre Urban marketing centre Difference :- Rural Marketing Centres : Rural marketing centres cater to nearby settlements. Rural marketing centres cater to nearby settlements. These are quasi-urban centres. They serve as trading centres of the most rudimentary type. Here personal and professional services are 	
	not well developed. These form local collecting and distributing centres. v. Most of these have mandis (wholesale markets) and also retailing areas. vi. Any other relevant point Urban Marketing Centres :	
	 i. Urban marketing centres have more widely specialized urban services. ii. They provide ordinary goods and services. iii. Urban centres offer manufactured goods or finished products. iv. Service of educational institution and professionals such as teachers, lawyers, 	
	consultants, physicians, dentists and veterinary doctors are available. v. Any other relevant point. (Any four points of difference)	1+4=5

	Page – 57, T.B. 1	
	International trade as a basis of World Economy:-	
20	i. Specialisation in production.	
	ii. It is based on the comparative advantage	
	iii. Complimentarity and Transferability of goods and	
	services.	
	iv. Formation of Foreign Policy on the basis of	
	International Trade	
	v. Any other relevant point.
