<div align="center">OR</div>
Which type of minerals has provided a strong base for the development of metallurgical industries in India? Explain with the examples.

25 Read the sources given below and answer the questions that follows: 3

Source A: Union List
Union List includes subjects of national importance such as defence, foreign affairs, banking, communications and currency. They are included in this list because we need a uniform policy on these matters throughout the country. The Union Government alone can make laws relating to the subjects mentioned in the union list.

Source B: State List:

State list contains subjects of state and local importance such as police, trade, commerce, agriculture and irrigation. The state governments alone can make laws relating to the subjects mentioned in the state list.

Source C: Concurrent List:

Concurrent List includes subjects of common interest to both the Union Government as well as the State Governments, such as education, forest, trade union, marriage, adoption and succession. Both the Union as well as the State Governments can make laws on the subjects mentioned in this list. If their laws conflict with each other, the law made by the Union Government will prevail.

Source A: Union List:

Give the total number of subjects in the union list including the subjects given in Source A. Why these subjects are included in the Union List?

Source B: State List:

Which Kind of subjects are listed in the State List?

Source C: Concurrent List:

Who makes laws in the concurrent list? If conflict happens , who has the right to take decisions?
