# FUN WITH NUMBERS

One, two, three, four, five,  
Once I caught a fish alive.  
Six, seven, eight, nine, ten  
Then I let it go again.

Why did you let it go?  
Because it bit my finger so.  
Which finger did it bite?  
The little finger on my right.

## TO THE TEACHER

Read the poem aloud and make the children repeat it along with you.

## Say Aloud

1.

one bird

two bananas

three pens

four pencils

five flowers

six bats

seven stones

eight ants

nine eggs

ten pineapples

### TO THE TEACHER

Help children notice that we add 's' after a word which shows more than one item.

2. Five plus five is ten  
 Five fingers on my right  
 Five fingers on my left  
 Two hands and ten fingers  
 I do have.

Five toes on my right  
 Five toes on my left  
 Two feet and ten toes  
 I do have.
