### 6 questions and answers

1. The scene begins with a close up shot. what frame would a film-maker normally use when the characters (cobbler & Ali) speak?

Ans) The film-maker would use a medium shot or a long shot.

2. Apart from the cobbler's shop what other details do you get about the space in which the actions in scene 1 take place?

Ans) A street, and a row house with a curtained door are the other spaces in the first scene.

3. How many characters are introduced in scene 1? How?

Ans) Three persons. They are Ali, the cobbler and a man.

4. In scenes 1 & 2 close up shots of the hands of the cobbler and Ali are shown. Do they serve any purpose? Explain.

Ans) The close up shots make the scenes more vivid and attractive.

5. Where is the location shifted to?

Ans) The location is shifted to a vegetable shop.

6. What could be the camera movement in this scene? Why is the camera moved in this manner?

Ans) In this scene the camera movements can be pan and zoom.
