

9/11/2020
MONDAY

CHEMISTRY

STD - XI
class - 01

Assignment

1) Write 5 examples of each on Homogeneous and Heterogeneous mixtures.

Ans) Homogeneous

- water and sugar
- water and salt
- Bronze
- Soda
- water and yeast
- Lemonade
- milk and coffee

Heterogeneous

- Iron ore
- water and oil
- Fried rice
- Granite
- water and sand
- muddy water
- sugar and salt

2) Write the definitions of S.I. Basic unit.

Ans) A unit may be defined as the standard of reference chosen to measure any physical quantity. There are many different systems of units. The improved metric system of units accepted internationally is called International System of Units or SI units. The SI system has seven base units from which all other units are derived.
