Sir,

I am a student of 10th standard. Recently I read the memoir 'Project Tiger' and I came to know the struggles you faced while shooting the film 'Goopy Gyne Bagha Byne'. Shooting a film with a tiger, that too in those days is not an easy task. But you did it brilliantly. Nowadays as science and technology have advanced, we don't need real animals for shooting a film. You risked your life to shoot with the ferocious animal. And I must say those scenes in the film are really breathtaking. The technique you employed to harness the tiger is laudable.

I really appreciate your skills in.

Thank you,
Yours faithfully
Naveen
