The Lahore session of the Indian National Congress held in 1929 under the chairmanship of Jawaharlal Nehru was a turning point in the history of freedom movement in India.

**Resolutions Lahore Congress**

U C Abdul Wahid Payyoliangadi

**The session declared that the ultimate aim of Indian freedom struggle was to attain complete freedom (Poorna Swaraj) for the country**

**It also resolved to start the civil disobedience movement under the leadership of Mahatma Gandhi.**

Gandhiji selected salt as a powerful weapon against the British.

- Salt tax constituted two fifth portion of the income collected by the British through taxes.
- This tax was a heavy burden for the poor people.
- The British government banned small scale indigenous salt production.
- There was three fold hike on salt price.
- The demand for lifting salt tax was a slogan suitable to inspire all segments of the society.
