## **PREPARE A SHORT NARRATIVE ABOUT SHOOTING THE FILM**

It is difficult to shoot a film with a tiger. We faced some problems. I was not sure of the success of the film. We needed a trained tiger to shoot the film. We got it from the bharath circus. They brought it in a lorry to the location. it has to play a major role in the film. It was left free in the open forest. I was worried about the safety of the people. The whole village came to watch the scene. There was a lot of panic. Our camera did not work properly for some time. The shots were dark. Later camera was ok. Nobody listened to our warning. The tiger emerged from the

cage with loud roar. It charged at the villagers. People ran for their life. I was worried and tensed about the success of our film. But we managed the tiger. It behaved nicely. We could take the scene correctly. It was a successful shooting.
