XI. Read the following passage carefully and answer the questions given

below :

1 × 4 = 4 (2 × 2)

Some people think that the aim of education is merely to give knowledge.

These people want students to read books and do nothing else but add to

their knowledge. Others believe that knowledge alone is not enough only

that which enables a man to earn his living can be called education. Such

people think that bread is more important than anything else. Still others believe that education should aim solely at making good citizens and good patriots. All these people see only one of the several purposes of education. As a matter of fact, education should aim at all these three things together. It should give men knowledge, make them self-reliant and able to serve others. Education should not produce citizens who, while they love their own freedom, take away the freedom of others. It should produce men who love their own country but who do not want to harm other countries.

Questions :
