### Activity V: Thoughts Writing (10 marks)

#### Sample Response:

During my visit to the UAE, I was amazed by the combination of cultural heritage and modern technology. The towering skyscrapers like the Burj Khalifa, along with advanced infrastructure like the metro system, show how far the country has come. The Louvre Abu Dhabi museum was a perfect blend of art and architecture, offering

a glimpse into the global cultural exchange. The contrast between the desert landscape and the high-tech urban areas left a lasting impression on me, highlighting how tradition and modernity can coexist beautifully.

*Wednesday, 5th September*

Dear Diary,

Today, I received the final letter from Levi. She's getting married and won't be writing to me anymore. I feel both happy and sad. Happy because she's found a new life, but sad because I'll miss her letters. Those letters brought me so much joy and made me feel like she was still with me. I know it's just a story, but it felt so real. I'll cherish the memories and try to imagine all the adventures she's having now. I guess it's time to say goodbye to my old friend.

Love,  
[Your Name]
