| Overall Grade |                       |       |

**Instructions**

- First 15 minutes should be used for reading and comprehending the activities.
- Out of the six activities, answer any five.
- All the sub activities of the selected activities should be answered.

**Activity - 1 Pattern.**

Complete the pattern below.

c) 155, 256, 357, .....

Choose the correct picture to complete the pattern.

e) Write a pattern involving three digit numbers.

....., ....., ....., .....

**Activity - 2 Say the Number.**

A bus has 11 seats of 3 people and 9 seats of 2 people.

a) How many people can sit in the bus?

b) When the journey started, 2 seats of 3 people and 4 seats of 2 people were empty. How many more people can sit and travel in the bus?

c) Which of the following is the mathematical operation of  $3 + 3 + 3 + 3 + 3 + 3$  Tick the correct one ☒

a)  $6 + 3$  ☐

b)  $6 \div 3$  ☐

c)  $6 \times 3$  ☐

d)  $6 - 3$  ☐

Activity - 3 Shooting Competition.

A person can shoot 10 rounds. On each shoot, wherever the bullet hits, the person gets that score.

The score after 5 rounds of shooting is given in the table.

a) Complete the table by finding the number of shots on 100, 10 and 1.

| Name   | On 100  | On 10 | On 1    | Score |
|--------|---------|-------|---------|-------|
| Arun   | 3 times | Nil   | 2 times | 302   |
| Vijay  | .....   | ..... | .....   | 311   |
| Saboor | .....   | ..... | .....   | 320   |

b) Who got the least score?

c) When 10 rounds were finished, one got 820 points and won. Who won the competition?

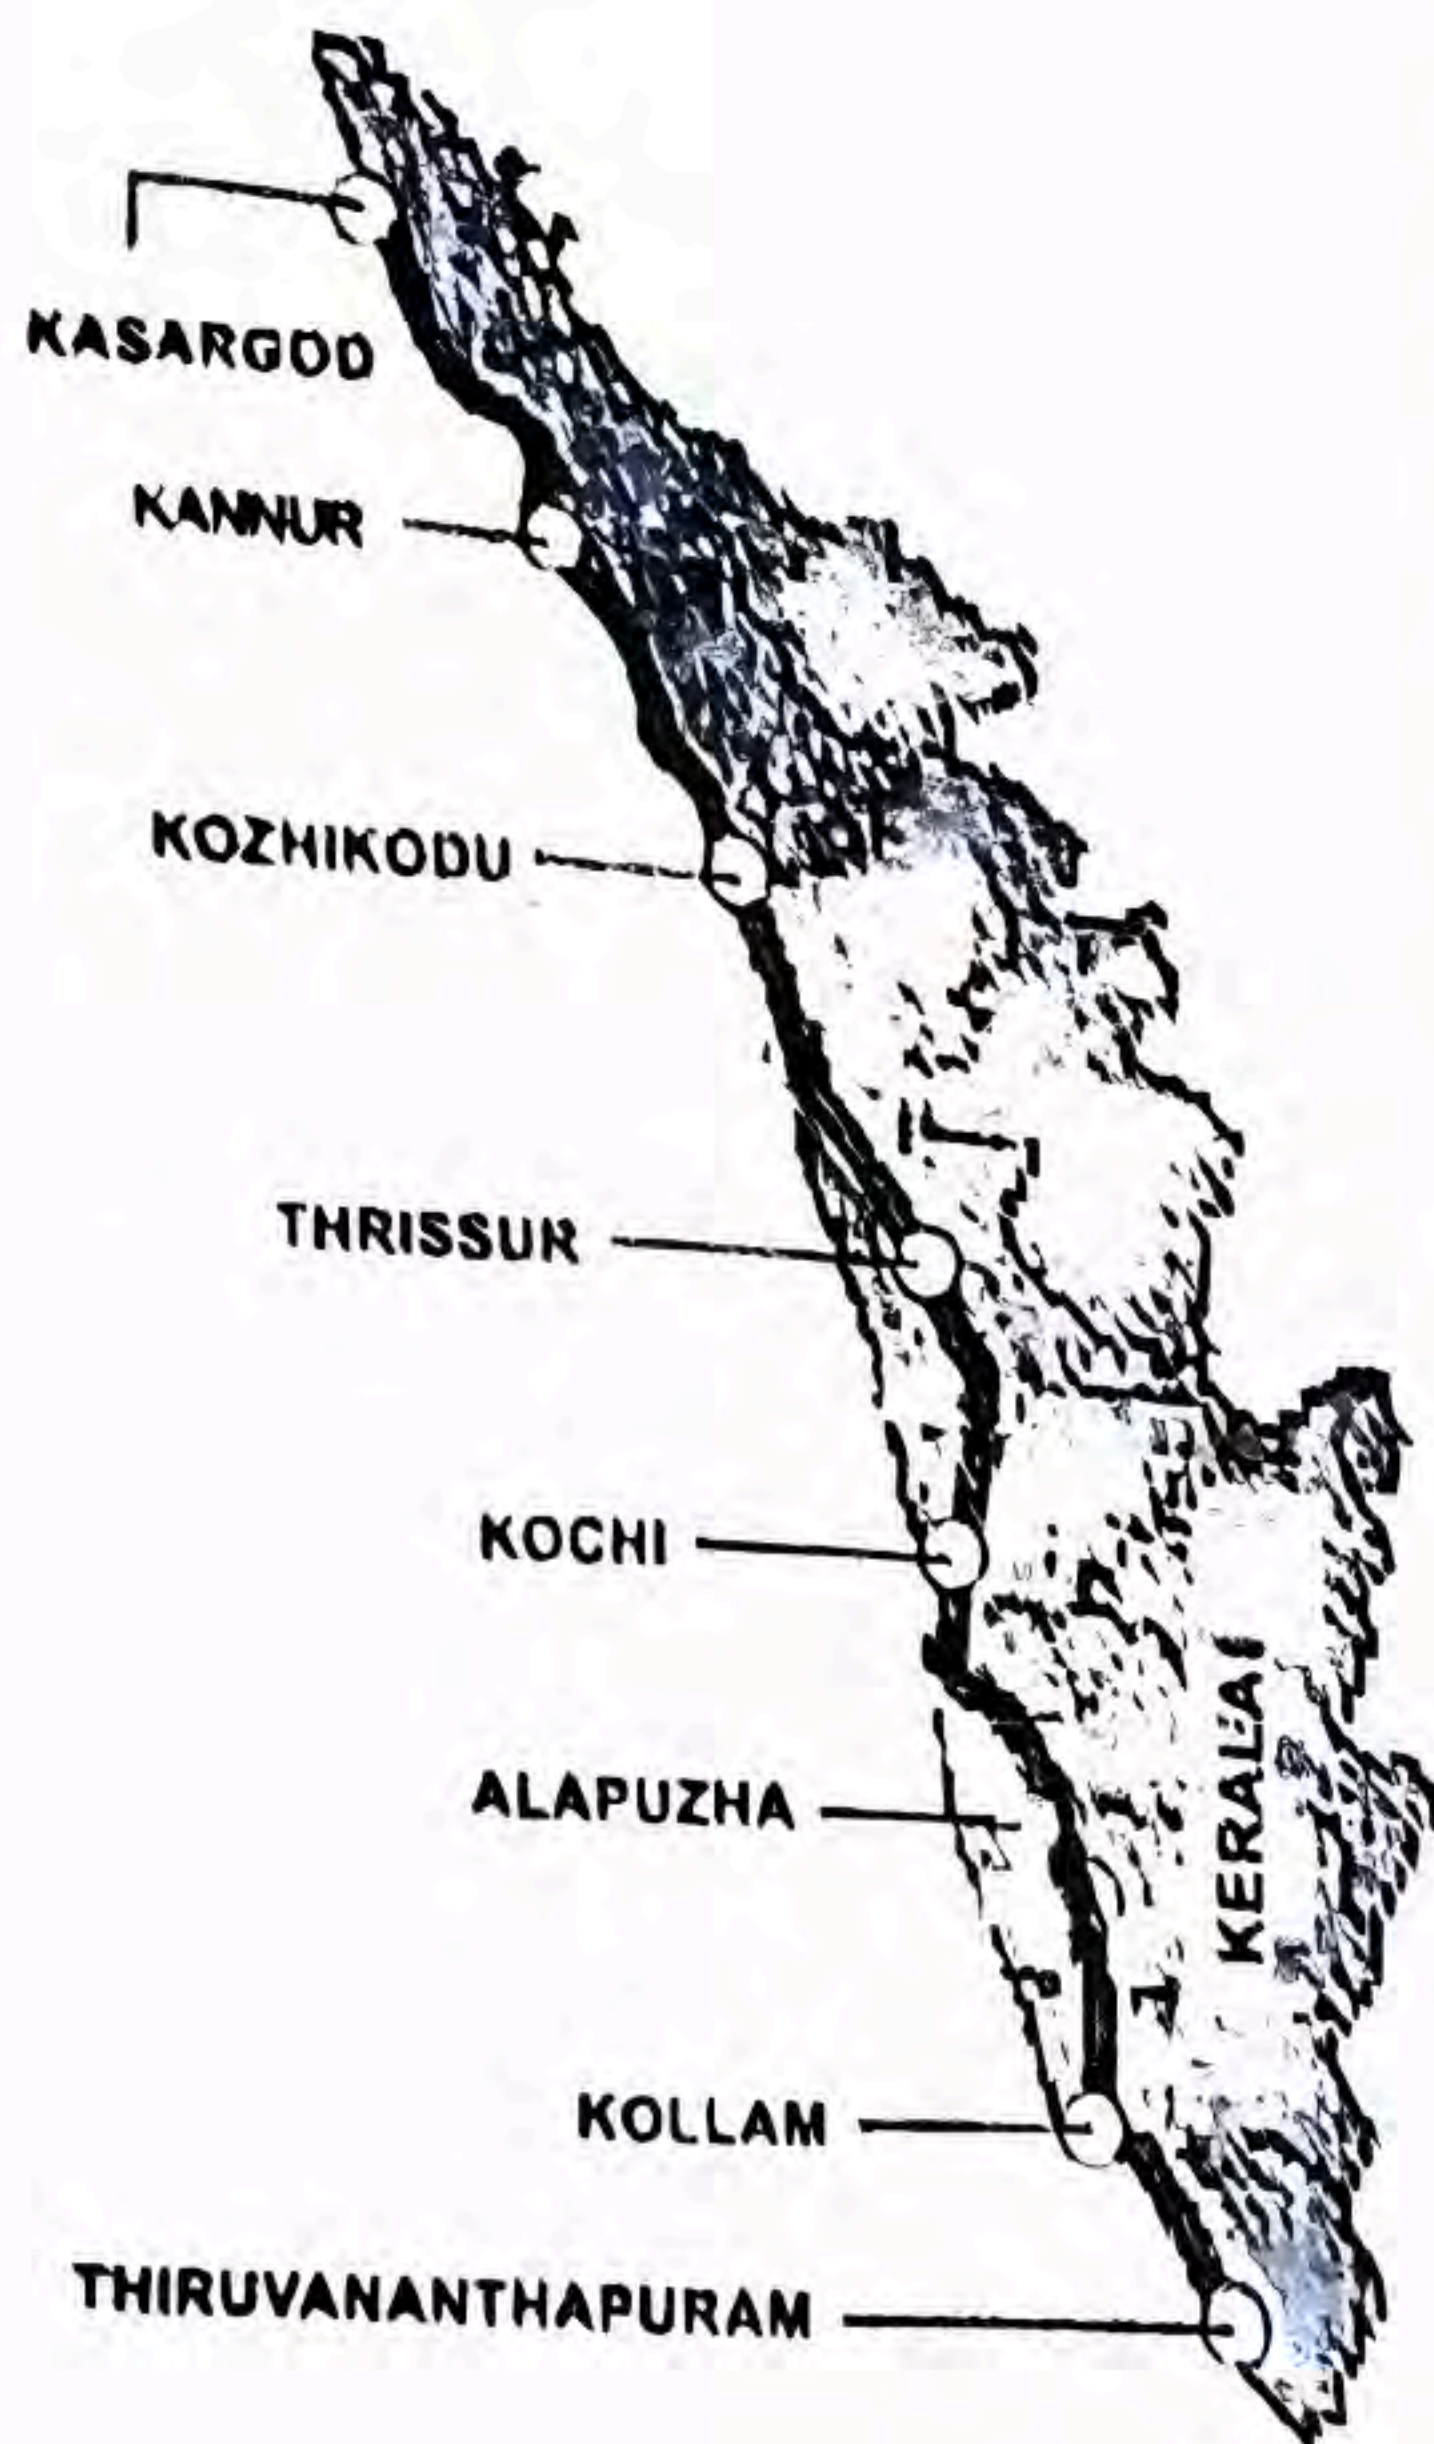

d) Which of the following score would be the most likely score in the 10 round shooting match? Tick the right one.

- (i) 534 ☐
- (ii) 722 ☐
- (iii) 613 ☐
- (iv) 1010 ☐

## Activity - 4 Car Journey.

Look at the distance from Thiruvananthapuram to various places.

Kollam - 85 kilometres

Alappuzha - 150 kilometres

Kochi - 205 kilometres

Thrissur - 304 kilometres

Kozhikkodu - 397 kilometres

Kannur - 471 kilometres

Kasargod - 585 kilometres

a) What is the distance from Kollam to Kasargod?

b) What is the distance from Kannur to Kozhikode?

c) In a car journey from Thiruvananthapuram to Kasargod, Rakesh drives the car till Thrissur and then Radhika drives the car from Thrissur to Kasargod. Who drives more? How much more?

## Activity - 5 Measure the Distance.

Vinny and her friends are participating in Long jump Competition. Look at the distance covered by each one.

|        |                          |
|--------|--------------------------|
| Benny  | - 1 metre 45 centimetres |
| Nidhi  | - 160 centimetres        |
| Jithin | - 1 metre 50 centimetres |
| Rimi   | - 200 centimetres        |
| Vinni  | - 1 metre 85 centimetres |

- a) Find the top two persons in the competition.

| Position        | Name  | Distance covered |
|-----------------|-------|------------------|
| First position  | ..... | .....            |
| Second position | ..... | .....            |

- b) From the table, find out the difference between the largest distance and the shortest distance covered.

- c) Which of the following measurement can be the length of a pencil? Tick ☒ the right answer.

i) 180 centimetres ☐

ii) 18 metres ☐

iii) 18 centimetres ☐

iv) 180 metres ☐

## Activity - 6 Science Festival.

The table below shows the number of students participated in various competitions on each day of the two days Sub district Science Festival.

| First day                        | Number of students participated | Second day                 | Number of students participated |
|----------------------------------|---------------------------------|----------------------------|---------------------------------|
| Science Fair                     | 212                             | Mathematics Fair           | 118                             |
| On the spot Work Experience Fair | 145                             | Work Experience Exhibition | 122                             |
| Social Science Fair              | 143                             | IT Fair                    | 147                             |
|                                  |                                 |                            |                                 |

a) What is the total number of students participated in Work Experience Fair on two days?

b) What is the total number of students participated in Subdistrict Science Festival?

c) How many more students participated on the first day than on the second day?
