PAPER 2 PART 1,2&3
(ENGLISH, BASIC SCIENCE,
SOCIAL SCIENCE)

Read the passage carefully and answer the following questions (1-5)

Electronic gadgets have revolutionized our lives, making communication, work, and entertainment more accessible. For instance, smartphones enable us to stay connected with loved ones, access a vast amount of information, and manage our daily tasks efficiently. Computers and laptops facilitate remote work, online learning, and creative pursuits. However, excessive use can lead to addiction, social isolation, and health problems like eye strain, sleep deprivation, and decreased physical activity. The constant stream of notifications, social media updates, and online content can be overwhelming, causing stress and anxiety.

To maintain a healthy relationship with technology, it's essential to strike a balance between gadget use and other aspects of life. This can be achieved by setting limits, such as designating gadget-free zones or hours, prioritizing face-to-face interactions, exercise, and relaxation techniques. Engaging in activities like reading, meditation, or yoga can help reduce stress and improve overall well being.

- What has revolutionized our lives according to the paragraph?
A) Books and magazines
B) Electronic gadgets
C) Social media platforms
D) Online courses
- What can be a consequence of the constant stream of notifications and social media updates?
A) Reduced stress and anxiety
B) Improved focus and productivity

PAPER II (PART B)

BASIC SCIENCE

16. Which of the following statements are wrong?
i. The layer that separates the outer chest cavity (Thoracic cavity) from the lower abdominal cavity is called pericardium.
ii. The process in which nutrients from blood become part of the body is called absorption.
iii. Human lungs are located in the outer chest cavity (Thoracic cavity).
iv. In plants, exchange of gases happens through stomata.
Options:
A. 1 and 2 are wrong B. 2 and 3 are wrong
C. 3 and 4 are wrong D. 2 and 4 are wrong
17. Read the statement and reason given below. Choose the correct option.
Statement: Plants produced by grafting flower and bear fruit quickly.
Reason: Very young (Not matured) and fast-growing shoots are chosen as scion.
Options:
A. Both statement and reason are wrong. B. Statement is correct and reason is suitable for the statement.
C. Statement is wrong, reason is correct. D. Statement is correct, reason is wrong.
18. Choose the correct statements.
i. Arteries carry blood to the kidneys.
ii. Liver maintains the amount of water in the body.
iii. Heart is the only organ that never gets cancer.
iv. White blood cells have no fixed shape.
Options:
A. 1 and 3 are correct B. All are correct
C. 1, 3, 4 are correct D. 1, 2, 4 are correct

19. What is the name of the place where Chandrayaan-3 landed on the Moon's south pole?
- A. Shiv Shakti
B. Durgashakti
C. Shaktisthal
D. Thirag
20. Which mirror forms a virtual image no matter where you stand in front of it?
- A. Concave mirror
B. Plane (flat) mirror
C. Convex mirror
D. Both convex and plane mirrors
21. Which energy change occurs in a generator?
- A. Chemical energy Mechanical energy Electrical energy
B. Chemical energy Electrical energy Light energy
C. Chemical energy Sound energy Electrical energy
D. Mechanical energy Electrical energy
22. Match the food items with the acids they contain.
- i. Tomato - Oxalic acid
ii. Coconut - Capric acid
iii. Banana - Oxalic acid
iv. Amla (Indian gooseberry) - Ascorbic acid
- Options:
- A. 1 and 3 are correct
B. 1, 3, 4 are correct
C. 1 and 4 are correct
D. All are correct
23. Which condition creates more difficulty in oxygen transport?
- A. Breathing carbon monoxide
B. Breathing generator smoke
C. Formation of carboxyhemoglobin
D. All of the above
24. Which state of matter expands most on heating?
- A. Solid
B. Liquid
C. Gas
D. Plasma
25. Pick the wrong statement.
- A. Tides on new moon and full moon days are called spring tides.
B. The day Moon comes closest to Earth is called perigee.
C. The day Earth comes closest to Sun is called perihelion.
D. The second full moon in a calendar month is called blue moon.
26. Which of the following is NOT a hydroelectric power station?
- A. Pallivasal
B. Kayamkulam
C. Moolamattom
D. Kuttiyadi
27. Which of the following is correct?
- i. During a solar eclipse, the Moon covers the Sun completely.
ii. Solar eclipse can happen both day and night.
iii. The Moon is smaller than Earth.
- Options:
- A. All are correct
B. 1 and 3 are correct, 2 is wrong
C. 1 and 3 are wrong, 2 is correct
D. 1 and 2 are wrong, 3 is correct
28. Find the correct pair.
- A. Silk production - Sericulture
B. Bee keeping - Apiculture
C. Rabbit rearing - Olericulture
D. Scientific Flower cultivation - Floriculture
29. Find the wrong pair.
- A. February 28 - National Science Day
B. November 26 - National Milk Day
C. August 24 - National Space Day
D. December 14 - National Energy Conservation Day

30. Some statements about litmus paper are given. Find the correct ones.
- Substances that turn blue litmus red are bases and those that turn red litmus blue are acids.
 - Litmus paper is made from lichen that grows on trees and rocks.
 - Litmus paper made from hibiscus flower.
 - Lichen is a symbiotic association of algae and fungus.

Options:

- | | |
|------------------------|------------------------|
| A. 2, 3, 4 are correct | B. 2 and 4 are correct |
| C. All are correct | D. 2 and 3 are correct |

PAPER II (PART C)

SOCIAL SCIENCE

31. Read the following statements and find out the correct one

- The Mughal rule was established by Qutb-ud-din Aybak
- Din-i-Ilahi was a visionary religion formed by Akbar
- Aurangzeb abolished the jазiah

| A. 1, 2, 3 | B. 2, 3, 4 |
| C. 1, 3, 4 | D. All of this above |

35. What is the name of the highest civilian award in India

- | | |
|------------------|--------------------|
| A. Padma Shri | B. Bharat Ratna |
| C. Padma Bhushan | D. Padma Vibhushan |

36. Identity the person:

- World renowned botanist born in Thalasseri
- Developed high -yielding sugarcane in Coimbatore Sugarcane Research Centre
- The country honoured her with the Padma Shri award

- | | |
|----------------------|--------------------------|
| A. E.K Janaki Ammal | B. Dr. Ponnen Lukose |
| C. Savithribai Phule | D. Dakshayani Velayudhan |

37. Who won the women's cricket World Cup Cup 2025?

- | | |
|--------------|-----------------|
| A. Australia | B. South Africa |
| C. India | D. England |

38. Find out the incorrect statement among the following?
- A. The earth's outermost layer is the crust
 - B. The crust and upper part of the mantle together form the asthenosphere
 - C. The outer core is in liquid state
 - D. The core is also known as NIFE
39. Match the following
- | | |
|--|---------------------------------|
| 1. Food crops - a. Sugarcane, Tobacco | 2. Cash crops - b. Cotton, Jute |
| 3. Fibre crops - c. Soya bean, Sunflower | 4. Oil seeds - d. Rice, Wheat |
| A. 1-d, 2-a, 3-c, 4-b | B. 1-d, 2-a, 3-b, 4-c |
| C. 1-d, 2-b, 3-a, 4-c | D. 1-d, 2-c, 3-b, 4-a |
40. Which state in India has the highest poverty rate?
- A. Kerala
 - B. Assam
 - C. Bihar
 - D. Uttar Pradesh
41. Find the odd one out
- A. Grama Panchayat
 - B. Block Panchayat
 - C. District Panchayat
 - D. Corporation
42. Which of the Island groups are the part of Indian Subcontinent?
- A. Andaman Nicobar
 - B. Indonesia
 - C. Maldives
 - D. Greenland
