

MCI Sept 2007 Paper

1. Percentage of Failure of diagnosis In D&C
2. where are Centre of urination in brain
3. which type of excimer laser is used in LASIK
4. No. Of PHC in India
5. Possibility of Vertical HIV Transfer If no prophylaxis given.
6. Possibility of Vertical HIV Transfer If prophylaxis is given.
7. sunflower cataract is seen in
8. volume of anterior chamber of eye
9. where is blind spot located
10. a question about traumatic cataract
11. sommering is a type of- ans.. after cataract
12. question about angle closure glaucoma
13. what procedure is done to prevent
14. dendritic ulcer is caused by-
15. a question about crossed diplopia
16. cotton wool spots are seen in
17. commonest cause of esophageal perforation
18. amoebic abscess is mc. located in which part of liver
19. a question about GI outlet obstruction syndrome
20. exact location of Ca tongue
21. protrusion of tongue is caused by which muscle
22. causes of Megaloblastic anemia are all except
23. prognosis of esophageal carcinoma
24. which of the foll is not a cause of Intestinal perforation
25. during laparoscopy which is most common injury
26. commonest cause of sclerosing cholangitis
27. commonest type of cervical ca
28. niman pick ds
29. anderson is a type of-
30. which of the foll is not A/R disease
31. hypertension leads to what complication
32. heart failure cells are found in which disease
33. Necrosis starts after what time of MI
34. austin flint murmur is seen in
35. large a waves are seen
36. cryptococcal infection is treated by which drug
37. stage of red hepatization is because of
38. crushman's spiral are seen in
39. alpha 1 anti trypsin deficiency causes which of the foll conditions
40. reids index is increased in-
41. psammoma bodies are seen in
42. a questions on Flial Chest
43. another questions on Flial Chest

44. a patient with hematuria, proteinuria- Diag??
45. significant bacteriuria is said when--?
46. which of the following appears first in diabetic retinopathy
47. best proposed theory of endometriosis
48. commonest cause of ectopic pregnancy 3:35 pm (7 hours ago) Dr.Zulfiquar
Thanks to AFMG nDr. Vikas For Brilliant Effort
49. commonest ca causing bony metastasis
50. which of the following organ is not affected in mumps
51. commonest salivary gland where stones are found
52. which of the foll is caused by progesterone-
53. [ph](#) of GFR
54. low blood flow to kidney is detected by which of the following
55. b HCG is increased after what time of ovulation
56. dose of warfarins is managed by
57. DOC Of PIH
58. peu de orange is--
59. which of the foll drug need dose monitoring
60. which of the foll is false about phenytoin
61. some question related to latrines
62. longest acting muscle relaxant
63. pneumocystis carinii is treated by
64. control of HIV Patients is done by counting which of the foll cells
65. which of the foll is use for sterilising room
66. rate limiting enzyme of glycolysis
67. malate shuttle is seen in
68. which of the foll are closely related to cholesterol-- LDL,HDL,Chylomicrons etc.
69. a question on Apolipoproteins
70. collagen found in bones
71. hyper calcemia is seen in..
72. chaperones are..
73. Diag of SLE
74. a question on ORS
75. diag of aseptic necrosis of head of femur is done by..
76. eye sign in thyrotoxicosis
77. Stain used for diphtheria.
78. When lot of specialists given lecture on a single topic what it is known as
79. Most accurate method to measure iron content of blood
80. Most accurate method to measure iron content of blood (Repeat in both sitting)
81. Brown atrophy of heart becoz of??? 3:36 pm (7 hours ago) Dr.Zulfiquar
82. To know primary hyperthyroidism which hormone is most accurate to measure
83. Disorder leading to increase in Conjugated Bilirubin
84. Source of nitro atom in Urea Cycle?
85. For how long does IUCD Protect against pregnancy ????
86. Most common peripheral artery to be affected in berger's Disease??

87. Location of vena saphena magna in relation to malleolus.
88. Endometriosis can be present everywhere except (diff locations of body where given)
89. DOC for malaria in pregnancy
90. If P Co₂ is Increased –What type of hypoxia it is
91. What should be minimum no of petechia to diagnose H. Dengue Fever?
92. HLA B27-Ankylosing spondylitis,
93. Red Infarct is seen in-
94. Which of the following does not pass through sinus cavernosus
95. Which of the following is method for diagnosing in 1st week of typhi (the quest was not exactly same, the language was different)
96. Drug use to treat Hypertensive crises in Pregnancy
97. How do we treat Hyperkalemia (Best Method)
98. Which of the following drug does not inhibit cell wall
99. Which of the following drug can be used for anaerobic Infections.
100. Which of the following drug is not given by oral route
101. Which of the following drug is not combined with Zidovudine
102. There was a question on anti tumor antibiotics.. I don't remember exactly
103. Chyluria is not caused by which of the foll (go in details which org. causes chyluria)
104. There was a option in one question neurofibrillary tangles, (Neurofibrillary Tangles is pathognomic for Alzheimer's)
105. Spike & Dome Glomeruli is pathognomic for?
106. Amount of Water Lost in Fecal daily,
107. Two Questions on Clinical Trial
108. LCAT activator, Lipoprotein
109. Moorens ulcer
110. First symptom in pots paraplegia 3:41 pm (7 hours ago) Dr. Zulfiqar
111. Hyper calcemia is not seen in? -Skeletal metastasis
112. Auspitz sign is seen in?
113. A 40 year old man with elevated mood? -mania
114. What is not common in Colles fracture? -non union
115. Man with fluid coming from the nose. What fracture?
116. Terminal phalanges pulp space infection?
117. Roth's spot is seen in? -SABE
118. Autoclaving? -121 C 15 min
119. BACTERIA MOST COMMONLY INVOLVED In VALVULAR HEART DISEASE?
120. Adrenaline is added to lignocaine injection for what ?
121. In sympathetic ophthalmia what is involved?
122. Coats disease what is correct? -bilateral ,leucocoria
123. PH of tears? -7.0 ,7.5
124. A question on Eale's disease
125. Constant change of refractive power seen in which cataract?
126. what is injured most commonly in abdominal hysterectomy? -ureter urinary bladder, atleast a repeat
127. What passes with aorta through the diaphragm? -azygous vein

128. what is not advised in shoulder dystocia? -pressing over the pubis, over the perineum

129. The commonest cause of mediastinal mass shadow?

left ventricular hypertrophy

130. A question on Chediak-Higashi syndrome?

131. A case on negligence, contributory negligence will give protection in?

Civil negligence

criminal negligence

132. Medial epicondyl fracture most common involvement of?

median nerve

ulnar nerve

133. Most important nerve in hand function called by some name -median nerve

134. Raised ICP will cause what?

hypertension, bradycardia

hypertension tachycardia

hypotension tachycardia

hypotension bradycardia

135. Head injury what is not found? -confusion loss of consciousness

136. Brain calcification is not found in which condition? -herpes simplex

137. A baby of 9 months won't be? -sit with support, dry by day

138. Decreased LAP score is found in which condition? -PNH, ALL

139. IMR for Japan? -3, 13, 23, 33

140. depth for water seal in latrine?? 2cms, 4cms, 6cms, 8cms.

141. T/t for ROP?

142. glutamine is a ??

143. after what time we should diag shoulder dystocia-
